Battery & Charger	40V (2 x 20V) 4AH Batteries & Charger

The Webb Eco WEV20X2LM43B4X is a powerful 40V rotary lawnmower using two 20V 4Ah batteries for extended cutting performance. With a 43cm cutting width and adjustable cutting heights (typically 25–75mm), it handles medium to large gardens with ease. It includes a large 50 L grass collector, dual port charger, and offers convenient cordless freedom. A brushless motor delivers efficient power with reduced maintenance. Backed by a 3-year tool and 2-year battery warranty.

Take on larger lawns with ease using the Webb 40V (2 x 20V) 53cm Brushless Self-Propelled Lawnmower (WEV20X2LM53SPB4X) - the most powerful and wide-cutting mower in Webb's 40V cordless range. Its advanced brushless motor delivers strong, efficient performance with reduced noise and longer life, while the twin 20V battery system provides dependable 40V power for cutting larger areas. The expansive 53cm (21") cutting width significantly reduces mowing time, making it ideal for medium to large gardens. The self-propelled drive takes the effort out of pushing, especially on slopes.

Clear leaves, debris and grass cuttings quickly and effortlessly with the Webb 40V (2 x 20V) Brushless Axial Blower (WEV20X2ABB4X). Powered by two 20V batteries, this high-performance blower delivers strong 40V output, while the efficient brushless motor provides higher torque, longer runtime and improved reliability compared to brushed alternatives. With a maximum 208km/h air speed and an outstanding 826m<sup>3</sup>/h air volume, the axial design generates a powerful, concentrated airflow perfect for clearing patios, driveways, paths and lawns. The 4-step speed control allows precise adjustment for light or heavy clearing, while Turbo Mode delivers an instant boost for shifting stubborn or wet debris.

Make light work of clearing leaves and debris with the Webb 40V (2 x 20V) Blower & Vacuum (WEV20X2BVB4X) - a powerful cordless solution designed for effortless garden maintenance. Powered by two 20V batteries, this machine delivers a combined 40V of performance, while the advanced brushless motor provides improved efficiency, longer runtime and greater reliability. With an impressive maximum airspeed of 288km/h and strong 650m<sup>3</sup>/h air volume, it quickly shifts leaves, twigs and debris from lawns, driveways and patios. The 4-step variable speed control and turbo mode allow you to tailor airflow to suit different tasks, from gentle clearing around borders to high-powered bursts for stubborn debris.

### Technical Data

Motor	Brushless
Cutting Width	30cm (12")
Cutting Speed	1550 Max. SPM
Run-time	Up To 35 Mins
Bump Feed Head	1.6mm Line
Spool Type	Auto Feed, Dual Line
Blade Attachment	3 Tooth Metal Blade
Battery & Charger	40V (2 x 20V) 4AH Batteries & USB Charger

Tackle everything from lawn edging to dense overgrowth with the Webb 40V (2 x 20V) 30cm Brushless Line Trimmer & Brushcutter (WEV20X2BCB4X). Powered by two 20V batteries delivering a combined 40V output, this machine provides strong, consistent performance while remaining quiet, low-vibration, and cable-free. Its efficient brushless motor increases power, run time, and durability compared to brushed alternatives, making it ideal for regular garden maintenance..

**Technical Data**

Motor	Brushless
Cutting Length	61cm (24")
Cutting Speed	1550 Max. SPM
Run-time	Up To 50 Mins
Cutting Capacity	28mm Max
Handle	5 Step Adjustable Handle (0-90°)
Battery & Charger	40V (2 x 20V) 4AH Batteries & USB Charger

Achieve beautifully shaped hedges with the Webb 40V (2 x 20V) 61cm Brushless Hedge Trimmer (WEV20X2HT61B4X) - a powerful, long-reach cordless trimmer designed for homeowners who want clean, precise cuts with minimal effort. Powered by two 20V batteries, delivering a combined 40V of cutting performance, this hedge trimmer operates quietly, efficiently and without the restrictions of cables. The long 61cm (24") dual-action blades provide excellent reach and clean cutting, while the impressive 28mm cutting capacity makes light work of thicker branches. With a maximum 1550 strokes per minute, it delivers fast, controlled trimming for hedges of all shapes and sizes.

## Technical Data

Motor	Brushless
Cutting Length	40cm (16")
Motor Speed	13500 Max. RPM
Run-time	Max Cut 20 PCS Wood at Under 1st Speed
Chain Speed	25m/s Max
Safety Chain brake Lever	Yes
Oil Tank	180ml
Battery & Charger	40V (2 x 20V) 4AH Batteries & USB Charger

Take on heavy-duty cutting tasks with confidence using the Webb 40V (2 x 20V) 40cm Brushless Chainsaw (WEV20X2CS40B4X) - a high-performance cordless chainsaw designed for homeowners wanting strong, cable-free cutting power. Powered by two 20V batteries, its combined 40V output provides excellent torque and cutting force, while the efficient brushless motor delivers longer runtimes, reduced vibration and extended tool life. The robust 40cm (16") cutting bar and rapid 25m/s chain speed make light work of thick branches, logs and general tree maintenance. Operating at up to 13,500 RPM, it delivers consistent, smooth cutting performance even under load. A 3-step speed system lets you match cutting power to the task, whether trimming smaller branches or slicing through larger timber.

Revitalise your lawn with the Webb 40V (2 x 20V) Cordless Scarifier Rake (WEV20X2SRB4X) — a powerful all-in-one solution designed to remove moss, thatch and debris for healthier, stronger grass growth. Powered by twin 20V batteries, this 40V cordless system delivers consistent performance without cables, while the push-button start ensures quick and effortless operation. The generous 38cm (15") working width covers ground efficiently, making it ideal for small to medium-sized lawns. A single-lever height adjustment offers 4 settings from -9mm to +6mm, allowing you to switch between aggressive scarifying and lighter rake passes depending on lawn condition. It includes two interchangeable cassettes.
